

Board member Fossilvrij NL

March 2022

Position:

Board member of Fossilvrij NL

About Fossilvrij NL

Fossilvrij NL is striving for a world in ecological and social balance, rooted in justice and liberated from the power and greed of the fossil fuel industry. We aim to break the power of the fossil fuel industry and speed up the transition towards just society, fueled by renewable energy. We do this by building a strong people-powered movement. Together we develop strategic, targeted campaigns. We organize public pressure to ensure that public institutions, such as pension funds, banks, media, and museums, break their ties to the fossil fuels industry as soon as possible. Climate justice is a central component in our campaigns.

We are a small organization, with a team of 4 staff members to support the growing fossil free movement in the Netherlands and set up focus campaigns. The board currently has 5 members, with a wide variety in terms of expertise and background. We work closely together with our international partner 350.org and with other grassroots organizations in the Netherlands and Europe. In 2021 we celebrated a major success when pension fund ABP decided to divest from fossil fuels. In 2022, we will shift our focus to banks as well as taking on misleading advertisements together with Reclame Fossilvrij.

Task description:

We are looking for a new board member to strengthen our team. We are explicitly on the lookout for someone who is an active participant of the Fossilvrij or wider climate movement. As the sixth board member, you will join an enthusiastic team. Fossilvrij NL aims for diverse representation, we therefore particularly encourage people who are underrepresented in the climate movement and/or are disproportionately affected by the climate crisis to apply. The tasks will differ according to the needs of Fossilvrij NL, which are divided among all board members. Board members are appointed for a period of two years, with the option of being re-appointed once for another two year cycle. We have 4-6 board meetings per year, and sometimes break-out sessions in between.

We are looking for:

Someone enthusiastic and proactive who wishes to be involved in Fossilvrij NL at a strategic level. Understanding of climate justice issues and of the Fossil Free movement in the Netherlands is a must, and knowledge of and dedication to the climate movement in the

Netherlands is preferred. Interest or experience in board procedures would be very welcome. Verbal and written fluency in Dutch and English is favorable. Experience in finance and budgeting, campaigning, and/or the law is particularly desired. As an active participant in the movement, we wish for you to bring in knowledge and needs of the movement.

Process:

It is indicated in our internal guidelines that the new board member will be appointed by current board members, in consultation with active participants (appointed committee).

Note:

Board members receive no remuneration for their administrative duties, nor do they receive an attendance fee. Board members are treated equally to all other active participants with regards to reimbursements.

If you are interested in applying, please send a short motivation letter and your CV/summary of relevant experience or expertise to Layla Sawyer (Layla.164@gmail.com). We welcome applications up to **27 April 2022**.
